Congress Program and Interventions

Friday 8 May Call for Abstract Sessions

14.00-15.00 Registration speakers and attendees

15.30-18.30 Call for Abstract Sessions

Saturday 9 May - Plenary Sessions

08.30-09.20 Registration: speakers and attendees

09.20-09.30 **Greetings and opening of the proceedings**

Moderator : Ms. Valentina Brengola

09.30-10.00 **Ms. Paola Sciomachen**, Osteopath DO, President of ROI - Italian Register of Osteopaths- Osteopathy as an answer to the citizens' demand for health

10.00-10.40 **MD Paolo Zavarella D.O.M.ROI**, Specialist in Odonto-Stomatology, Professor at the Master's degree in " Natural Medicines", "Integrated Clinical posturology", "Osteopathy" at the Tor Vergata University in Rome and the Università degli Studi of Pisa -MD. Christian Lunghi, Member of the research Commission of the Italian register of osteopaths (ROI), Responsible for the Cromon research department, Professor of research methodology in several Institutes of osteopathic training, Osteopath, Naturopath - **Mind, Body and ... Water: the new Neuro-myofascial postural model.**

10.40-11.10 **Coffee Break**

11.10-11.55 **MD Antonio Maria Pasciuto**, Specialist in Internal Medicine , Expert in Environmental Medicine , Board Member of EUROPAEM (European Association of Environmental Clinical Medicine) , President of ASSIMAS (Italian Association of Medicine; Environment and Health) - **Water : from being an essential element of life to a potential risk factor for health. The point of view of Environmental Clinical Medicine .**

11.55-12.40 **Eng. Andrea Gadducci**, Electronic Engineer expert in Biomedicine and in quantum-biophysical methodologies , Co - Founder of Bio - t Srl - Technologies for Life- **quantum physics and technology . C.I.E.M. model and biotechnology instrumentation to support integrated treatment programs.**

12.40-13.10 **MD Settimio Grimaldi**, First Senior Researcher CNR, Biophysicist- **Theory of information and signal processing theory, in Biology and Medicine .**

13.10-15.00 **Light Lunch**

15.00-15.30 **MD Antonella De Ninno**, Physicist and Resercher at the ENEA of Frascati -**The grammar of water.**

15.30-16.00 **Prof. Mohammed Natour**, Specialist in Hematology , Expert in Acupuncture, Homeopathy and Iridology, Contract Professor in the specializing course of Acupuncture organized by for Traditional Medicine Centre (in collaboration with the WHO) , of the Università degli Studi of Milan , Professor of the specializing course in non-conventional Medicine organized by the Center for research in Medical Bioclimatology , Biotechnology and Natural Medicine of the University of Milan - **Water, millenary therapeutic use.**

16.00-16.45 **MD Carla Marzetti**, Biologist, Nutritionist, Director in charge of the laboratory of analysis Valsambro, expert in (blood) analysis in Dark Field - **Nanomicroscopy in Dark Field : innovative technique for the examination of blood analysis in Dark Field.**

16.45-17.15 **MD Salvatore Bardaro**, Specialist in Internal Medicine , Laboratory Medicine and Dentistry , Professor in Molecular Pharmacology , Expert in Homeopathy , Homotoxicology , Acupuncture , PNEI and Metabolism , Contract Professor of " Integrated Medicine " at the Università degli Studi of Siena and the Università degli Studi of Pavia , President of AMNCO - **Chronic Stress , Metabolic Syndrome and Cancer : what is the connection? Animal Models, Clinical Case and Therapeutic Strategies.**

*Hotel Caesius Thermæ & SPA Resort*****

The Hotel Cæsius Thermæ & SPA Resort, a few steps from Garda Lake and the center of Bardolino, offers its guests the chance to relax and enjoy a wonderful stay, in a real wellness and beauty oasis.

Giusva Gregori, Physiotherapist and Osteopath DO, Director of Studies S.Os.I - Still Osteopathic Institute - Director of Studies IFOA- Expert in Animal Osteopathy - EOA Naturopathy Scientific Advisor, Member of the Organizing Committee for Osteopathy - CPO - **Osteopathy, Underwater Experience.**

17.00 Conclusions

Call for Abstract

All participants can send their scientific contributions if it is connected to the themes of the conference and relevant to the scope of Complementary and Alternative medicine and Holistic Science.

All contributions have to be approved by the Scientific Committee

MedCam 2015: Promoting Health

“ Preparations for MEDCAM 2015 are in full swing; the annual appointment with the **International Congress of Non Conventional Medicine and Holistic Sciences** is upon us.

Now in its 5th edition, the Congress, to be held at the hotel **Caesius Thermae & SPA **** in Bardolino** - in the beautiful setting of the Lake of Garda, from May 8 to May 10 - has raised great interest within the **Scientific and Medical Community and among the Holistic Operators (well-being)**. The Congress is a **unique opportunity** to take part in a process of enrichment, comparison, listening, sharing, growth and openness. It represents an opportunity to share and contribute to the **construction and development of an integrated therapeutic path - aware, social-oriented and sustainable** - always revolving around the interest and care of individuals in their wholeness. The Scientific Programme, enhanced by the presence of **Speakers of excellence**, foresees in addition to the plenary sessions, the also the considerable “**Call for Abstract**” session that will allow participants to present their research and methods by means of **posters and oral dissertations**, as well as the chance to take part in **practical-demonstrative sessions**.

The scientific rigor strongly desired by the Organization makes the event absolutely unique in Italy. Among other topics we would like to draw your attention on several subjects of particular interest such as: Nutrition in a preventive and predictive perspective, Nutrigenomics, Homotoxicology, Homeopathy, Acupuncture, Hydro-colon therapy, Ayurvedic Medicine, Osteopathy, Integrated Medicine and Oncology, Anthroposophic medicine and Art therapy, Holism and Entanglement, Energy diagnosis, scientific Essentials of Quantum Mechanics and Quantum Physics applied to modern medicine, Biology, Environmental and Clinic Medicine.

Among the principal themes of MEDCAM2015 there will be in-depth analyses on the role of Water (with focus debate and observations presented by researchers of CNR and ENEA) and Nutrition considered as source of life and healing. MEDCAM2015 aims primarily at educating to Knowledge and Educating the Educator, through comparison, in-depth analysis and the exchange of experiences. The Educator, intended as a guide to the person's Health, is the one who operates in the Non-Conventional Medicine and Holistic Science and will have, on this occasion, the opportunity to bring added value to his/her professional community and to disseminate knowledge by stimulating a greater awareness in patients that need to be allowed to choose an effective integration to the healing resources.

Three days, sixty speakers, forty CFA sessions, practical-demonstrative sessions, presentation of innovative biotechnology in the medical field and endorsement by the Institutions in order to bring together in one place all themes and approaches related to NCM and Holistic Sciences considered with a multidisciplinary prospective with a view to integrate them to other sciences such as modern physics, quantum mechanics, neurosciences and biology with the ultimate aim of rediscovering the liaison that connects, integrates and unites the holistic view, and that elevates the patient from a simple system to a complex human-system.

Sponsored by major Institutions, also sees important national and international companies operating in those sectors taking part to the event as sponsors and exhibitors. ”
